CRITICAL INFORMATION SUMMARY

INFORMATION ABOUT THE SERVICE:

Fixed Voice:

Next Business plans are offered as an Office Phone service for standard phone lines. You can transfer your existing PSTN or ISDN phone service or activate a new service with Next Telecom. Next Telecom uses the Telstra, Optus and AAPT voice networks.

Next Advantage plans are a hosted VoIP solution for business office phone services. You are able to transfer your existing PSTN or ISDN phone numbers to this solution or we can activate new services.

Next MultiLine is an alternative to traditional ISDN 10/20/30 services and provides primary rate ISDN voice services, with each connection supporting between 10 and 30 lines. MultiLine connects your business directly to our wholesale carrier-grade national voice network.

Next Inbound plans are offered as an inbound 13/1300 or 1800 service for business customers wanting to have one phone number available anywhere within Australia. This service can be state or post code routed.

Next Conferencing plans are offered with Arkadin™ Anytime audio conferencing. You can organise your conference calls any time of the day without making a reservation.

Mobile Services:

Next Optus mobile plans are offered over the Optus 3G Mobile Digital Network. You can transfer your existing mobile number or activate a new number with Next Telecom. For Mobile network coverage information visit www.optus.com.au/mobile-coverage

Next Telstra mobile plans are offered over the Telstra 3G Mobile Digital Network. You can transfer your existing mobile number or activate a new number with Next Telecom. For Mobile network coverage information visit www.telstra.com.au/mobile-coverage

Data Services:

Next ADSL plans are an internet service offered by our wholesale partner using wholesale services supplied to us by Telstra.

You can transfer your existing broadband service or activate a new service with Next Telecom on your existing PSTN service.
